## SOLUTION

1. Because D is on a bed, block every cell in the 8th column.
2. There is only one cell left for G, in the Hallway.
3. H must be in the Kitchen, in the remaining chair.
4. Block every other chair.
5. This isolates D in the Guest Bedroom.
6. This isolates E in the Hallway, which then isolates F.
7. This isolates A, which then isolates C.
8. V is in the last remaining cell in the Living Room.
